

WNTC Broadcasts Games

Campus Station WNTC, in keeping with its policy of providing complete coverage of athletic events, has presented play-by-play broadcasts of all home baseball games this spring. For exact times and date of these feature programs consult the weekly broadcast schedule which will appear in each issue of the Integrator and the Racquette.

Remember that if you are unable to attend these games, you may still hear them through the facilities of your Campus Station WNTC.

The remainder of the Clarkson home baseball schedule is as follows:

May 30—Vermont

June 3—St. Lawrence

The PSTC game that will be broadcast is:

May 24—Paul Smiths

On the Beam! WNTC And Constitution

by Charles Hearl

WNTC Publicity Chairman

During the past school year there have been many changes made in the administration of the campus station, WNTC. Foremost of these changes and the most controversial has been the adoption of the new constitution, early last fall.

A feeling seems to predominate on both the Clarkson and PSTC Campuses that the adoption of this new constitution was a wrong move. There are some people who seem to feel that this new constitution benefited only small factions or cliques.

This is definitely not true. The one portion of the new constitution that seems to be the root of much ill feelings is that which provides for the selections of new members.

Under the old constitution aspirants for positions on the station were required to serve not less than one month probationary period after filing an application with the secretary. It was only after the satisfactory completion of the probationary period that the neophyte was elected to the station by a majority vote of the executive board.

Under the new constitution, prospective members file applications with the newly formed personnel department. After filing the application, the prospective member will work on the committee of his choice. When, in the opinion of the committee chairman, this person has shown sufficient interest and ability in his job, he will be admitted to membership.

Once a person is made a member, he will not be permitted to slacken off in his duties, but he must continue to perform his duties conscientiously.

In the event that any person does not continue to be active, he will be dropped from station membership, by a vote of the executive board.

In this way it is hoped that only those people who show ability and interest will be permitted to work on the station.

Formerly it was necessary to have a two-thirds vote of the station membership to drop a member from the stations complement. Obviously this was impossible in view of the fact that those persons who graduated or were off-campus teaching, were considered members.

Early next fall, there will be a meeting of all members and prospective members. At this meeting, any questions concerning this new constitution will be answered.

Construction work, under the direction of Ken Harmann, has been at full scale the past few weeks making ready for you. Saws, hammers, paint brushes, soap and water and elbow grease have attempted to make the attic of the Maintenance Building into a modern radio station for the students of Clarkson and the State

Tackroom Talk

by JIM SPARROW

We're still in the saddle and riding smoothly. And speaking of smooth we have a terrific combo whom we elected to direct our activities next term.

Joan Walker will succeed Carol Northrup as president. Hank Adams will take over Joan's present duties of "veep," and Peg LaVine and Barb Kersten will assume duties from Candy Walsoe and Connie Whittington as treasurer and secretary, respectively. Naturally, Miss "Brownie" Badger was reelected as our faithful advisor.

At last Saturday's business meeting the members accepted and initiated Barb Buttons, Barb Kersten and Pete Hyde into the club. We're saving a couple of pledges for a future initiation.

We have decided to close out the year with a few more rides at Canton, and a picnic trip to Heuvelton for a close inspection of some purebred Arabian horses. And speaking of closing I might as well—as I usually say—it's real.

Teachers College.

Although it is not complete as yet, you may go through it and see just how the station functions. There will be someone on hand to show you through the Control Room, the Record Library, and studios A and B.

Come see us, we'll enjoy seeing You.

WNTC Elects Officers

At a recent meeting of the executive board of the Campus radio station WNTC, the officers for next year were elected. The new board consists of: Station manager, Richard Meyer; assistant station manager, Charles Kurner; program director, James Carr; publicity chairman, Charles Hearl; personnel director, Vaughn Weidel; engineering chairman, Wilson Griffing; business chairman, Robert MacKenzie; secretary, Elaine Luikert; director of announcers, Edwin Hawxhurst; director of control room operators, Al Mahlmann; director of record librarians, Lois Garrison.

The old board is working hand-in-hand with the new board for the remainder of the semester to help break the newcomers into their respective jobs. The object: an efficiently smooth running station next fall!

Congratulations to each and every one of you and good luck in your new positions.

WNTC will hold Open House alongg with Clarkson College next weekend.
